The Complete Edging Solution

ABS

ABS

An attractive and durable edging option our **DECOEDGE® ABS** range is suitable for use in kitchens, bathrooms, shopfitting, commercial and domestic furniture applications.

Our wide range of solid colours, woodgrains and patterns are matched to the most common designs available in decorative board.

ABS edging is available in both 1mm and 2mm thicknesses allowing flexibility in design whether it is for economical or aesthetic reasons.

Our unique manufacturing process allows for greater flexibility when offering our customers non standard industry sizes i.e. widths, minimum length runs and shortened production lead times.

Advantages

Comprehensive Range – solid colours, woodgrains and patterns, with a variety of embossing options.

Versatility - **DECOEDGE® ABS** is produced in wide jumbo rolls. Cut to standard industry sizes or the flexibility of non-standard widths.

Classic and contemporary designs - we regularly update our range to provide you with colour matches to suit popular LPM board designs.

Durability - high impact strength and colour fastness.

Ease of application - suitable for use unglued and preglued; easy to trim without chipping or cracking.

Trims cleanly - eliminate that costly extra step after edgebanding of finishing-off sharp and jagged edges with a file.

Resistant to chipping - no last minute repairs required when installing jobs or finishing manufacturing.

Application

ABS edging may be applied using either hotmelt or hot-air edgebanders, or manually using contact adhesive. Most automatic trimming devices will cut **ABS** edging without difficulty. **ABS** edging can also be trimmed using a standard router.

For best results when applying unglued **ABS** edging, we recommend **EDGEBOND** granulated and cartridge hotmelts, available ex-stock from Consolidated Veneers.

Range

ABS edging is available ex-stock from Consolidated Veneers or from one of our distributors in a range of sizes listed below:

1mm ABS

Standard widths:	21mm
Other widths:	29mm and 38mm
Standard roll sizes:	Unglued - 100m UG White - 100m, 200m Preglued - 100m

2mm ABS

Standard widths:	22mm
Other widths:	29mm and 38mm
Standard roll sizes:	Unglued - 100m Preglued - 100m

Please note other widths are available upon request. Minimum quantities apply.
